Narratives**Areas of Greatest Need:**

Foreclosure and Beyond: a report on ownership and housing values following sheriff's sales, Cleveland and Cuyahoga County, 2000-2007 by Claudia Coulton, Kristen Mikelbank, & Michael Schramm who work for the Center on Urban Poverty and Community Development at the Mandel School of Applied Social Services, Case Western Reserve University. Rates of foreclosures have quadrupled since 2000 in Cuyahoga County, primarily as a result of the large numbers of sub-prime loans. (F&B, p 2) The increasing numbers of properties at sheriff sales had the effect of dragging down home sale prices. "Homes re-sold in 2007 following sheriff's sales in 2006 brought median sales prices that were 44% of their previous valuation. Moreover, foreclosures, vacancy and declining values are geographically concentrated" (see Appendix 4) "not only in Cleveland but also in the Cuyahoga County suburbs. Under these circumstances, greater efforts are required to protect the growing number of vacant homes and limit spillover effects to surrounding properties.(F&B, p 2)

Distribution and and Uses of Funds:

The injection of massive numbers of vacant and foreclosed properties has driven down property values of neighboring homes that are occupied and have been maintained. The housing market has seen property values decline with the sheer volume of unsold real estate that is taking a longer time to sell. Lending institutions have increased credit-lending standards, making the purchase of any home more difficult. It is the intention of the Urban County's NSP funding to meet the statutory requirements set forth by Congress and, at the same time, begin to assist in stabilizing the local real estate market in the Urban County by working with the private sector elements of the housing market, by increasing home ownership opportunities, by removing blighting structures, and by re-invigorating the capacity of the Real Estate Owned (REO) rehabilitation industry.

Overall Progress Narrative:

Work continued in all uncompleted activities during the second quarter of 2011. Two of the three setaside rental projects are underway, with rehabilitation nearly completed. The third setaside rental project completed acquisition and closed financing in the second quarter, with rehabilitation now starting.

Under municipal grants, three of the five communities receiving grants have houses under rehabilitation and in marketing, a total of 9 houses in this status. One house was sold during the second quarter, despite the very weak housing sales market.

Under our investor loan program, one house was sold during the second quarter, 9 houses are under rehabilitation, and 10 houses are under contract or being marketed. NOTE: Due to technical problems the address and beneficiary information on the sold house could not be entered under its activity, 5-1. This information will be entered with the 3rd quarter report.

Funds were reimbursed to our Cuyahoga County Land Bank for acquisition/land banking and rehabilitation activities completed and reported in an earlier quarter.
